

Name	Jun Chul Park	
Country	Korea, Republic of	
Organization	Yonsei University College of Medicine	
Current Position	Clinical Associate Professor Department of Internal Medicine, Severance Hospital, Yonsei University Health System, Seoul, Korea	

Educational Background

Mar. 1999 - Feb. 2003: Bachelor Degree, Yonsei University College of Medicine, Seoul, Korea

Mar. 2006 - Feb. 2009: Master's Degree of Medical Science, Yonsei University College of Medicine, Seoul, Korea

Mar. 2010 -: Ph.D. Course of Medical Science, Yonsei University College of Medicine, Seoul, Korea

Professional Experiences

Recent live demonstration activity in international symposium

- 2014 International Digestive Endoscopy Network (IDEN) live demonstration
: Difficult case of ESD for EGC
- 2015 International Digestive Endoscopy Network (IDEN) live demonstration
: ESD of EGC and confocal laser microendoscopy
- 2017 Society of Gastrointestinal Intervention live demonstration
: Gastric ESD without cessation of antithrombotic therapy
- 2017 Korea Digestive Disease Week live demonstration
: Gastric ESD without cessation of antithrombotic therapy
- 2018 APDW live demonstration
: Gastric ESD (local recurrence) with severe fibrosis

Professional Organizations

Mar. 2008 - Feb. 2010: Clinical and Research Fellowship, Severance Hospital, Division of Gastroenterology, Department of Internal Medicine,

Mar. 2010 ~ 2018: Assistant Professor, Division of Gastroenterology, Department of Internal Medicine, Yonsei University College of Medicine, Seoul. Korea

Mar. 2018 ~ : Associate Professor, Division of Gastroenterology, Department of Internal Medicine, Yonsei University College of Medicine, Seoul. Korea

Member, Korean Society of Gastrointestinal Endoscopy

Member, Korean college of Helicobacter and Upper Gastrointestinal Research

Member, Korean Society of Gastroenterology

Member, Korean Society of Gastrointestinal Cancer

Member, Korean Gastric Cancer Association

Member, Korean Association of Internal Medicine

Main Scientific Publications

Year	Author	Title	Journal
2018	Corresponding author	Long-term outcomes after noncurative endoscopic resection of early gastric cancer: the optimal time for additional endoscopic treatment. 2018 Apr;87(4):1003-1013	Gastrointestinal Endoscopy
2017	Corresponding author	Additive endoscopic resection may be sufficient for patients with a positive lateral margin after endoscopic resection of early gastric cancer. <i>Nov</i> ;86(5):849-856	Gastrointestinal Endoscopy
2017	Corresponding author	Prediction model for non-curative resection of endoscopic submucosal dissection in patients with early gastric cancer. <i>May</i> ;85(5):976-983..	Gastrointestinal Endoscopy
2016	Corresponding author	Incidence and impact of scheduled endoscopic surveillance on recurrence after curative endoscopic resection for early gastric cancer. <i>Oct</i> ;84(4):628-638	Gastrointestinal Endoscopy
2016	Corresponding author	Polyglycolic acid sheet application to prevent esophageal stricture after endoscopic submucosal dissection for recurrent esophageal cancer. <i>48(S 01):E319-E320</i>	Endoscopy
2015	Corresponding author	Factors that affect visibility during endoscopic hemostasis for upper GI bleeding: a prospective study. <i>2015 Jun</i> ;81(6):1392-400	Gastrointestinal Endoscopy
2015	Corresponding author	Learning curve for EUS in gastric cancer T staging by using cumulative sum analysis. <i>2015 Apr</i> ;81(4):898-905	Gastrointestinal Endoscopy
2015	Corresponding author	Impact of carcinomatosis and ascites status on long-term outcomes of palliative treatment for patients with gastric outlet obstruction caused by unresectable gastric cancer: stent placement versus palliative gastrojejunostomy. <i>Feb</i> ;81(2):321-32.	Gastrointestinal Endoscopy
2018	First author	Effectiveness of the polysaccharide hemostatic powder in non-variceal upper gastrointestinal bleeding: Using propensity score matching. 2018 Feb 7 <i>2018 Aug</i> ;33(8):1500-1506	Journal of Gastroenterology and Hepatology
2018	First author	Long-term outcomes of endoscopic submucosal dissection in comparison to surgery in undifferentiated-type intramucosal gastric cancer using propensity score analysis. <i>Apr</i> ;32(4):2046-2057.	Surgical endoscopy
2018	Corresponding author	Efficacy of hemostatic powder in preventing bleeding after gastric endoscopic submucosal dissection in high-risk patients 2018 Mar;33(3):	Journal of Gastroenterology and Hepatology
2017	First author	Probe-based confocal laser endomicroscopy in the margin delineation of early gastric cancer for endoscopic submucosal dissection. <i>May</i> ;32(5):1046-	Journal of Gastroenterology and Hepatology
